ABOUT ME

MERN Stack & React Native Developer skilled in building modern, responsive web and mobile applications. Proficient in JavaScript, TypeScript, React.js, React Native, Next.js, Node.js, Express.js, MongoDB, Firebase, REST APIs, Git, and GitHub. Strong problem-solving mindset with a focus on clean, scalable, and user-friendly applications. Passionate about learning modern technologies and turning ideas into impactful digital solutions.

EDUCATION

Bachelor of Computer Applications (BCA)

Kurukshetra University

WORK EXPERIENCE & TRAINING

KBS-IT Solutions | 6 Months Training + Continued Employment

React & React Native developer

- Developed and maintained modern web and mobile applications using MERN Stack and React Native, with a focus on responsive interfaces and smooth user experiences.
- Worked across the application development lifecycle, contributing to feature development, API integration, debugging, testing, and deployment of real-world projects.
- Built and integrated REST APIs, connected frontend applications with backend services, and implemented authentication and data management functionality.
- Created reusable components and optimized application functionality across web and mobile platforms, following clean and maintainable development practices.

PROJECTS

Food Ordering Website

- Developed a responsive food ordering platform with features for browsing products, managing orders, and delivering a smooth user experience.
- Built and integrated the MERN Stack backend, connecting frontend functionality with APIs and application data.
- Developed cross-platform vendor and user mobile applications using React Native, focusing on reusable components and responsive interfaces.
- Designed and implemented an admin panel for managing vendors, products, orders, and other platform operations.

Portfolio-website

- Designed and developed a modern, responsive portfolio showcasing projects across MERN Stack, React.js, React Native, Firebase, Node.js, MongoDB, static websites, and UI/UX designs, with detailed project information and technology highlights.
- Created an engaging and interactive experience with responsive layouts, smooth animations, reusable UI components, and modern design practices, presenting both web and mobile development work in a professional format.

SKILLS

- Languages: JavaScript, TypeScript, HTML5, CSS3
- Frontend: React.js, Next.js, React Native, Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js, REST APIs
- Database & Services: MongoDB, SQL, Firebase
- Tools & Version Control: Git, GitHub, VS Code, Postman
- UI/UX: Figma, Responsive Design, UI Development, Animations
