👤 Profile

Results-driven Full Stack Developer with hands-on experience building responsive, scalable, and user-friendly web applications using the MERN stack (MongoDB, Express.js, React.js, and Node.js). Proficient in JavaScript, TypeScript, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap, REST APIs, and responsive web design. Experienced in developing modern frontend interfaces, integrating backend services, managing databases, and deploying full-stack applications. Strong problem-solving skills, quick learner, and passionate about writing clean, maintainable code while delivering high-quality user experiences.

🎓 Education

Bachelor of Computer Applications

Kurukshetra University, KuruKshetra (pursing)

🎓 Training/Internship

KBSIT-SOLUTIONS

- Developed responsive web applications using React.js and Next.js with a focus on performance and user experience.
- Built reusable and maintainable components, improving code consistency, development efficiency, and application scalability.
- Integrated REST APIs and implemented dynamic data rendering to enable seamless communication between frontend systems.
- Enhanced mobile responsiveness, cross-browser compatibility, and performance to deliver a smooth user experience across devices.
- Collaborated with team members using Git and GitHub for version control, code reviews, and project workflow management.
- Participated in testing, debugging, deployment, and maintenance of web applications while ensuring code quality and reliability.
- Applied component-based architecture, state management, and responsive design practices to build interactive, user-focused applications.
- Expanded technical knowledge beyond frontend development through hands-on learning and personal projects involving Node.js, Express.js, Python, and Artificial Intelligence concepts.

📁 Projects

ReadyForJob | Full-Stack Recruitment Platform

Live: <https://ready-for-job-website-oeqo.vercel.app/>

- Built a full-stack recruitment platform with separate user, admin, and backend applications using Next.js, React, Express.js, and MongoDB.
- Implemented Firebase Authentication (Email/Password & Google OAuth) with secure JWT-based authorization using the Firebase Admin SDK.
- Developed REST APIs for job postings, applications, user management, and recruiter workflows, with real-time messaging using Firestore.
- Designed responsive UI components with TypeScript and Tailwind CSS, ensuring a seamless experience across devices.
- Deployed the frontend on Vercel and backend on Render, configuring production-ready routing and environment management.

Food Ordering Website

Live: <https://foodie-ordering.netlify.app>

- Built a responsive food ordering and recipe discovery application using React.js and Tailwind CSS.
- Integrated TheMealDB and TheCocktailDB REST APIs to fetch and display dynamic meal and cocktail data.
- Implemented search, category filtering, and random recipe features for enhanced user experience.
- Developed reusable React components and optimized performance for seamless cross-device compatibility.
- Added interactive animations and smooth UI transitions using Framer Motion.

Clinic Website UI

Live: <https://clinic-website-ui.netlify.app>

- Developed a fully responsive healthcare website interface using HTML, CSS, and JavaScript with clean and modern UI design.
- Built structured sections including departments, doctors, services, appointment information, and responsive navigation flow.
- Implemented responsive layouts, smooth interactions, and user-friendly interface design for improved accessibility and usability.

🔧 Skills

Languages : JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3

Frontend : React.js, Next.js, Tailwind CSS, Bootstrap, Responsive Web Design

Backend & Database : Node.js, Express.js, MongoDB, MySQL, Firebase, REST APIs, JWT Authentication

Tools & Technologies : Git, GitHub, VS Code, Postman, npm, Vite, Figma, Chrome DevTools

Soft Skills : Problem Solving, Team Collaboration, Communication, Adaptability, Time Management, Critical Thinking, Quick Learning, Attention to Detail

🗣 Languages
